

# Whatever You Say, Say Nothing

Colum Sands

Chorus:

*Whatever you say, say nothing  
When you talk about you know what  
For if you know who could hear you  
You know what you'd get  
For they'd take you off to you know where  
And you wouldn't know how long  
So for you know who's sake  
Don't let anyone hear you singing this song*

And you all know what I'm speaking of  
When I mention you know what  
And I think it's very dangerous to even mention that  
For the other ones are always near  
Although you may not see  
And if anyone asks who told you that  
Please don't mention me

And you all know who I'm speaking of  
When I mention you know who  
And if you know who could hear me  
You know what he'd do  
So if you don't see me around  
You'll know why I'm away  
And if anyone asks you where I've gone  
Here's what you must say

Well that's enough about so and so  
Not to mention such and such  
I think I'll end my song now  
Sure I've already said too much  
For the less you say, the less you hear  
And the less you'll go astray  
And the less you think, the less you do  
And the more you'll hear them say
